Cautionary Statement on Forward-Looking Information

This web site contains forward-looking statements, including but not limited to comments regarding predictions and projections. All statements on this web site that address reserve potential, exploration drilling, mining activities and events or developments that the company expects, are forward-looking statements. Although the company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements.

Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, mining and exploration results, continued availability of capital and financing, and general economic, market or business conditions. You are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Mr. Jim Decker, P.Eng., and a director of Rainbow Resources, is the Qualified Person under the meaning of National Instrument 43-101 and has reviewed the material included on this web site.

We Are Not Offering Securities or Providing Investment Advice

Nothing on this site constitutes investment advice, including our public filings. We provide investor relations materials for your convenience and information only. In addition, investor relations materials and our other web site content are not offers or solicitations to buy or sell any security.

There are no guarantees about the future performance of the stock market or our stock. Before you invest in any security, you can protect yourself by being an educated investor. If you are interested in our stock, we recommend that, at a minimum, you read our latest public filings with Canadian securities regulatory authorities. These and other materials are accessible through this web site. They are also available from the Canadian System for Electronic Document Analysis and Retrieval web site at www.sedar.com.
